PURPOSE OF THE WORKSHIOP:

To improve the research practices, empowering the research scholars with research skills is of paramount importance. In this context, the department is planning to carry out a series of workshops apart from other academic activities. Currently the department is organizing a three day research methodology workshop from 2nd to 4th March 2021. The objective of this workshop is to introduce the efficient way of searching the literature, generate awareness regarding what is plagiarism, demonstrating the use of SPSS software package in context of psychology and allied fields, highlighting the importance of proper formatting while writing a research report and understanding effective academic writing. It is expected that the workshop will improve the research skills of scholars by strengthening their knowledge related to various research domains.

WHO CAN APPLY?

The senior research scholars from the following departments can apply for this workshop.
[Department of Psychology, Department of Education, Department of Social Work, Department of Economics.]

HOW TO APPLY:

The participants are required to register by or before 1st of March through registration forms duly recommended by the concerned head of the department.
