Future Plans for the Department of Psychology, University of Kashmir

- **Enhanced Research Output and Funding:** Given the current research projects and publications, the department will aim for increasing the number of research projects, actively seeking funding from DST, ICSSR, ICMR, and other relevant funding agencies. The department will strive to improve the quality and impact of its publications, aiming for higher citation indices and impact factors. The department plans to facilitate collaboration with other institutes in research projects to gain funds and new insights.
- **Strengthening Faculty:** The department recognizes the importance of a strong faculty, as such the future plans include to fill the vacant Professor position. Further the department aims at promoting faculty research and development through various training programmes.
- **Promoting Student Success and Employability:** With students clearing NET, SET, and other competitive exams, the department is likely to enhance its guidance services for competitive examinations.
- **Expanding Consultancy and Outreach Activities:** Although currently minimal, the department may explore consultancy opportunities and outreach programs to engage with the community.
- **Improving Infrastructure and Resources:** The department is likely to focus on improving its infrastructure, including modernizing laboratories, expanding library resources, and enhancing digital infrastructure to support teaching and research activities.
- **Curriculum Modernization:** The department will review and update the curriculum regularly to align with the latest developments in the field of psychology, ensuring that students are equipped with the knowledge and skills necessary for future success.
